

## The MAX-PRO Benefits are Clear!

- **Crystal clear images:** HD-quality video captures sharp pictures of objects, people and activity, leading to more accurate identification and better resolution of security issues.
- **Affordable:** Its low cost means even the smallest business can afford HD pictures.
- **Easy to use:** No IT expertise required.
- **Super scalability** lets you operate up to 16 cameras from a single MAXPRO NVR XE unit any time in the future, so your surveillance system expands as your business grows.
- **Powerful preview search** and film strip view let you find the scene you want in a very short amount of time.
- Record HD quality images, monitor crystal clear live video, and search from as many as **16 cameras at the same time**.
- **Quick export** lets you download video and transfer a clip to a DVD or flash drive easily so you can retain and share evidence in minutes.
- **Mobile and Web access** programmable.
- UP to **99 users**.
- **Expandable**  
Hard Drives

### MAXPRO® Series IP Video Solutions

LEARN ONE, KNOW THEM ALL

Open, Flexible and Scalable  
Video Surveillance Platform

Honeywell's Access and Video Systems brings the power on integration together like never before. Combining Honeywell's new WIN-PAK or NET-AXS software with MaxPro video systems makes security affordable and manageable for any business size.
